Subject: Moonlight Brand Translations

In response to the diversity of nationality among our retailers and the related communication barriers than sometimes follow, we have produced translations for the Moonlight Brand Description Sheet. These translations cover the six most common foreign languages found in Moonlight markets. These include:

- Arabic
- Chinese
- Hindi
- Korean
- Spanish
- Urdu (don't ask)

Please let Ann know which SALES reps should receive these and which ones. We will make color copies and send out to them.
